**GBCI COURSE ID:** 0090010473 - 1 hour session - CEs - 1  
**DESIGNATION:** General  
**CLASSIFICATION:** Basic

## **COURSE DESCRIPTION:**

This course is an overview of the use of Performance Fabrics on commercial furniture. It includes information on five key attributes of performance fabrics, how the attributes can be achieved, and why they are important in real life applications. Content includes common brands of fabric or treatments which contribute to meeting the key attributes. Fabric samples will be utilized during the presentation to help support key points.
