

Laudio™ Assembly Instruction

1

Turn the base with casters in the upright position and place onto the floor as shown. Orient the gas lift cylinder as shown and insert the larger end of the cylinder into the hole in the center of the base. Figure A.

Figure A

2

Carefully position the seat assembly over the gas lift cylinder, aligning the hole in the seat control with the top, smaller end of the cylinder. Press the seat assembly onto the cylinder then sit on the seat to completely mate the components together. While seated, actuate height control lever and move the seat into its lowest position. Actuate height control lever and remove weight from chair to adjust chair up to comfortable sitting height. Figure B.

Figure B

Assemble units as described herein only. All screws and bolts must be tightened securely and checked periodically after assembly. Failure to assemble or to secure parts properly may result in assembly failure and personal injury.

Proper product installation, in accordance with these instructions, is the responsibility of the installing agent. If you have any questions concerning these instructions, please call National Customer Service 800.482.1717.
