**Captivate™ Series  
Fin-Shaped Unit  
(with and without modesty panel)**

**4** If unit has no modesty panel, position column leg using dimensions specified below and attach column leg to underside of worksurface using (4) screws provided with column leg (Figure E).

**Figure E**

**5** If unit has a modesty panel, position column leg using dimensions specified below but do not attached to worksurface as of yet. Next place modesty panel with one end centered on end panel and other end centered on column leg. Modesty panel will rest on column leg flange leaving a 3mm gap from bottom of worksurface. Move column leg accordingly as to be centered, flush with no gaps on modesty panel.

**Figure F**

Now attach modesty panel to worksurface and end panel by inserting provided screws through brackets in modesty panel and into worksurface and end panel. Tighten all screws securely.

Lastly attach column leg to underside of worksurface using (4) screws provided with column leg (Figures F & G).
