

## Assembly Instruction

1

On a smooth, clean, soft surface lay both organizer halves on their backs. Remove two (2) screws holding shipping support panel and eight (8) screws and two (2) triangle shipping pads. Cut four (4) pieces of double-sided adhesive tape for each outer end panel and two (2) for the back panel. Peel off one side of the protective backing and attach the tape to the underside of each end panel (Figure A).

Figure A

2

Lift the first highback half into its desired location on the worksurface. Lift the second highback half into position against the first unit. Make sure units align and are flush on all sides (Figure B).

Figure B

**Caution:** Make sure first unit is held steady while locating second unit.

3

Align connecting holes in highbacks and attach highbacks together using the six (6) connecting bolts. Insert half of a connector bolt into one connecting hole, and insert the other half into the opposite connecting hole. Tighten all bolts securely, making sure both highback halves are flush against each other with no gaps (Figure C).
