

ASSEMBLY INSTRUCTIONS

1

Extend the File Drawer to its full extension. Locate the drawer slide release tab, in the approximate location shown, on each side of the Drawer Box. Press tabs in and pull drawer straight out until slide drawer members disengage from cabinet members (Figure A).

2

To reinstall drawer, extend slide cabinet members. Note: Make sure chrome ball bearing member is also forward. Carefully align slide drawer members with cabinet members and gently push drawer closed. Check for proper alignment by looking at Drawer Front margins for spacing and squareness.

Figure A

1

Box, Lateral, and Task Drawers extend out, locate the tabs on each side and press in and lift up on the front end to clear the tab and hooks (Figure A).

2

To reinstall drawer, pull out slides, slide drawer back until the bracket slides under the hooks. Push the front end down over the tabs to engage.
