For Immediate Release:

## National Office Furniture Introduces New Solutions Focused on Artistry and Functionality

JASPER, Ind., November 18, 2019 - National Office Furniture, a unit of Kimball International, Inc., introduces an assortment of new products that further enhances their portfolio and ability to deliver essential solutions. These new launches are design-driven and continue National's dedication to merging workstyles with lifestyles by creating spaces where people want to be. These introductions vary from space division and storage to boutique lounge and impromptu seating, expanding on their ability to outfit ancillary, commercial, and vertical market focused spaces with welcoming and functional solutions.

### **Lochlyn™ Storage and Shelving System**

This innovative storage and shelf system provides a variety of opportunities. Its metal frame design can be built to be small in stature or grand in size, depending on the users' needs and space. With the capacity to accept cubbies with open top, open front, or pass through abilities, along with trays and shelves, [Lochlyn](#) creates spaces and places.

### **Hobsen™ Lounge Collection**

Rich design consideration and exquisite craftsmanship combine to create this boutique chair and coordinating ottoman. The wooden, handcrafted arms feature an organic curve that envelops the user. Stunning, exposed finger joints featured on the sides and the back rival its gorgeous, tailored front. Tapered legs accentuate [Hobsen's](#) graceful curves.

### **Idara™ Lounge Seating**

From its elegant wood legs to its industrial steel bases, [Idara's](#) notable contours offer an eccentric mix of drama, opulence, and relaxation. With mid and high back options, its charming yet seductive arm composition and indulgent wingback detail create a sense of acoustical privacy and a visual retreat with its enveloping style.

### **Araldo™ Guest Seating**

Featuring a beautiful and unexpected exposed plywood edge, [Araldo](#) is an ideal side chair for multi-use spaces that crave a bit of extra detail. The angular, tapered leg design establishes a wall saver feature while the horizontal space between the back and seat cushions creates a clean out, making Araldo perfect for any situation or space.

### **Weitz™ Impromptu Stool**

Achieve any elevation from worksurface to bar height by activating [Weitz's](#) pneumatic height adjustment mechanism for smooth vertical adjustability. Ideal for locations that welcome sitting and standing, or for environments that need active sitting solutions, its 360° pivoting base encourages flexibility, allowing users to stay engaged.

“This expansive launch further solidifies our dedication to providing top-notch craftsmanship and industry-leading design,” said Vanessa Englert, National’s Director of Product. “By incorporating artistry with functionality, we are thrilled to offer these unexpected solutions that are backed by our commitment to delivering relevant, high-quality solutions.”
